SUMMARY

Senior Data / Cloud Engineer with 7+ years of experience designing and building large-scale, cloud-native data platforms on GCP. Specialized in petabyte-scale data migration, orchestration using Airflow (Cloud Composer), BigQuery-based analytics, and secure data movement frameworks

with built-in governance, encryption, and auditability.

PROFESSIONAL EXPERIENCE

Wells Fargo – Senior Software Engineer

Nov 2021 – Present | Hyderabad, India

Project: CDM Next (Cloud Data Movement Platform)

- Core engineer involved from inception to production of a cloud-native data movement framework
- Designed and implemented batch ingestion workflows for Teradata, Oracle, APIs, and SaaS sources
- Built and maintained Cloud Composer (Airflow) DAGs orchestrating ingestion, validation, DLP scanning, encryption, and delivery
- Independently owned Teradata → BigQuery migration workflow migrating 40+ PB of data
- Integrated Cloud DLP, KMS/HSM, IAM, and Secret Manager for security and compliance
- Implemented centralized audit logging and monitoring using Cloud Logging and Cloud Monitoring
- Played a key role in data center exit initiatives and cloud adoption
- Involved in design reviews, code reviews, and client onboarding/support

Verizon – Member of Technical Staff

Oct 2019 – Nov 2021

- Migrated legacy ETL workflows to Hadoop/Spark ecosystem using PySpark and Scala
- Improved job performance and reduced processing time for large datasets
- Contributed to architecture and ingestion pipeline design

TCS – IT Analyst

May 2015 – Oct 2019

- Developed Spark ingestion pipelines for enterprise performance and network analytics systems
- Worked on large-scale data integration and reporting platforms

TECHNICAL SKILLS

- GCP: BigQuery, GCS, Cloud Composer, Dataflow, Dataproc, Cloud Run, Cloud Functions, IAM, KMS, DLP, Dataplex
- Programming: Python, Scala, Java
- Databases: BigQuery, Teradata, Oracle
- Big Data: Spark, Hive

CERTIFICATIONS

- Google Cloud Professional Data Engineer
- AWS Machine Learning Specialty

EDUCATION

B.Tech (ECE) – SASTRA University (2015)
