SUMMARY

Senior Data / Cloud Engineer with 7+ years of experience building large-scale, cloud-native data platforms. Expert in GCP-based data engineering, petabyte-scale data migration, Airflow (Cloud Composer) orchestration, BigQuery analytics, and secure data movement frameworks with built-in governance, encryption, and auditability.

PROFESSIONAL EXPERIENCE

Wells Fargo – Senior Software Engineer

Nov 2021 – Present | Data Cloud & Analytics Platform

- Core engineer involved from inception to production of CDM Next, a cloud-native data movement platform
- Designed and implemented configuration-driven batch ingestion workflows for Teradata, Oracle, APIs, and SaaS sources
- Built and maintained Cloud Composer (Airflow) DAGs orchestrating ingestion, validation, DLP scanning, encryption, and delivery
- Independently owned Teradata → BigQuery migration workflow migrating 40+ PB of data
- Integrated Cloud DLP, KMS/HSM, IAM, and Secret Manager to enforce encryption and compliance
- Implemented centralized audit logging and monitoring using Cloud Logging and Cloud Monitoring
- Played a key role in enterprise data center exit initiatives and cloud adoption
- Actively involved in design reviews, code reviews, client onboarding, and production support

Verizon – Member of Technical Staff

Oct 2019 – Nov 2021 | Network Analytics & Reporting

- Migrated legacy ETL workflows to Hadoop and Spark ecosystem using PySpark and Scala
- Improved job performance and processing efficiency for large-scale datasets
- Contributed to architecture design and ingestion pipeline development

TCS – IT Analyst

May 2015 – Oct 2019

- Developed Spark-based ingestion pipelines for enterprise performance management systems
- Worked on large-scale data integration, reporting, and analytics platforms

TECHNICAL SKILLS

Programming: Python, Scala, Java

Big Data: Spark (Core & SQL), Hive

Cloud (GCP): BigQuery, GCS, Cloud Composer, Dataflow, Dataproc, Cloud Run, Cloud Functions, IAM, KMS/HSM, DLP, Dataplex, Cloud Logging, Cloud Monitoring

Databases: BigQuery, Teradata, Oracle

CERTIFICATIONS

- Google Cloud Professional Data Engineer
- AWS Certified Machine Learning – Specialty

EDUCATION

B.Tech (Electronics & Communication Engineering)

SASTRA University, Thanjavur | 2011 – 2015 | CGPA: 7.42/10
